Testimonials

"Kelley stayed with our dogs when we went away for my father-in-laws 80th birthday. She stayed overnight for a week and the dogs seemed to do just fine. She was able to trim the nails of our old dog (15 years) and he is doing so much better. A big THANK YOU for that. We will definitely use her service again in the future."

The Hawks'
Clients since 2011

"Kelley's high level of professionalism is backed up by her extensive knowledge of animal care and a genuine desire to treat my pets well in my absence. I never worry about my pets or my home while I am gone, and always return to a clean house and happy pets. She follows through on all the instructions we discuss before my departure and keeps in contact while I am out. Now that I've found Kelley and sit-stay-play, I can't believe I used to put myself through the hassle and worry of trying to schedule friends to stop by in my absence and train them on the basic care of my pets, something they generally weren't good at!"
